

Intent for Geography	
1. NC	Our intent for Geography follows the purpose of study and the aims of the National Curriculum.
2. Barriers of the children	Our children will have an extended knowledge and understanding of the diversities of the world outside their local community and have the skills to navigate this in later life.
3. L2L	We want or children to be fascinated and curious enough to ask questions about the world around them. They have the resilience to persevere and find answers through self-directed learning.
4. Integration	Children will make links and connections between different people (human) and places (physical).
5. Application	We will give children the opportunities to gain a deep understanding, through the application of geographical skills, through managing purposeful projects.
6. caring	Pupils will demonstrate a strong commitment to the issues and causes within the modern and changing world.
7. Human dimension	Children will have an understanding of the human effect upon the environment and what they can do to sustain the environment they live in.
