

## Geography Overview

Areas of Study = Location, Place, Human/Physical features (substantive knowledge) skills/fieldwork (disciplinary knowledge)

Concepts = Similarity and Difference, Exploration

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Nursery	Incredible me: Talking about what they see		Winter Wonderland: Different jobs inside and outside		Down in the farm: Care for the natural environment	Commotion in the ocean: Different countries in the world
Reception	This is us: Special places in the community	Stickman and Friends: Investigating the natural world around them	Frosty Frozen Fun: Differences between life in different countries		Nature Detectives: Describing/making observations of natural environment	Barnaby Bear travels around Canvey Island Differences and similarities in countries - life, culture, environments. Maps.
1	Where I live - Canvey				Physical and human features of the beach <b>Alexander von Humboldt (physical geography)</b>	
2		Continents Oceans Location of hot and cold places <b>Alfred Wegener (continents and oceans)</b>	Fieldwork and skills aerial photographs - Hadleigh castle , compass directions, map routes. <b>William Thomson (compass)</b>		Canvey vs Tanzania	
3	Canvey Floods	Stone Age Settlements <b>Louie Leakey (archaeologist)</b>	United Kingdom Counties and cities linked to trains			Countries of the world especially Europe and characteristics East of England vs France <b>Amerigo Vespucci (continents)</b>
4	Maps <b>James Rennell (maps &amp; atlases)</b>					
					Rainforest – East of England vs Brazil <b>Carl O.Sauer (tropical areas)</b>	Anglo Saxon Settlements
5	To infinity and beyond <b>Tim Peake</b>	East of England vs Nevada <b>Christopher Columbus</b>	Extreme Earth		Viking settlements	Local study – impact of Vikings/Saxon on Benfleet
6	Characteristics of European countries (World Wars)				East of England vs Galapagos Islands vs Russia (Evolution) <b>Charles Darwin (tortoises)</b>	Skills and Fieldwork – Ordinance survey maps, compass, 6 figure grid ref, digital mapping. <b>William Roy (ordnance survey maps)</b>
